

## SPINALONG - JANUARY 2020

Happy New Year to you all. I hope you have plenty of projects in mind for the coming year. My new year's resolution is not to buy any more fleece or wool as I really must use up all that I have squirrelled away in various cupboards. However come Wonderwool I am sure I will have forgotten the resolutions and there will be things that I 'really need'.

I hope you all enjoyed the Christmas get together, and once again the food was wonderful, such an array of goodies, thanks to all.

I have put photos of the winning Christmas ornaments below, and thanks must go to Nicky and Penny for the hard work they put in organising the session. I am sorry I didn't get the names of the winners, but we'll done all of you.

This month's meeting is an activity day, so bring along your unfinished work and enjoy a good chat.

Next month we are making a Lucet cord, so if you are interested please see Sue Bird and sign up.

We will also be discussing how to improve the library, so if you have any suggestions please let us know.

Only a short newsletter this month. If you wish to have something in the newsletter please send it to me.

Don't forget any suggestions for courses next year, please tell Sue as she is starting to do the planning.

Carole
